

Senate Passes Anti-Recession Highway Speedup Measure

Bill Sets Up Controls Of Billboards

WASHINGTON (AP) — The Senate yesterday passed a highway construction speedup bill designed to create thousands of new jobs and get the nation's giant roadbuilding program back on schedule.

Passage was by a rollcall vote of 84-4. Those voting against the bill were Sens. Byrd (D-Va.), Robertson (D-Va.), Bennett (R-Utah) and Curtis (R-Neb.).

The bill also would set up for the first time a system of federal incentives for the states to control billboards on the 41,000-mile interstate highway network—the interstate system.

Watered Down
This hotly disputed section, which caused the sharpest floor fight on the bill, was retained in a watered-down form Wednesday by a 47-41 vote.

The Senate debated the bill for four days, remaining in session on it 13 hours Wednesday.

It is the second major anti-recession measure to pass the Senate this year. The other, a \$1,800,000 housing bill, now is at the White House for action by President Eisenhower.

Sponsors of the Senate road bill hope to get it into conference quickly with a different highway measure passed recently by the House. They would like to see the final version sent to Eisenhower before Congress starts an Easter recess April 3.

The Senate bill would pump \$1,800,000,000 of additional federal-state funds into the highway program this year. It would make possible an over-all highway program of 5 1/2 billion dollars for the year.

New Right of Way
The billboard control section was softened by adoption of an amendment of Sen. Cotton (R-NH) which would apply the incentives only to new right-of-way along the interstate. This would eliminate about 25 per cent of the 41,000 miles.

Under the provision, states would get bonus payments amounting to one-half of one per cent of the cost of the interstate segment upon which they should agree to control advertising signs.

Washington also would pay a share of the cost of buying advertising easements from property owners along the right-of-way.

The provision would permit officials signs and also would give the states and the secretary of commerce discretion in allowing signs calling attention to businesses near the superhighways.

State agreement to go along with billboard regulations would be entirely voluntary. However, bonus payments could total as much as 150 million dollars.

U. S. Rockets Destined To Probe Moon

WASHINGTON (AP) — The United States is going to send rocket scouts to take a close look at the moon.

Orders for the "lunar probes" by unmanned space vehicles were issued Thursday by President Eisenhower and Secretary of Defense Neil McElroy.

The decision to press forward, with what only a little while ago would have seemed a fantastic project, followed by one day the President's publication of an official "Introduction to Outer Space." This was an outline by his science advisory committee of the reasons for space exploration and its possibilities and problems.

In this first long step, the government authorized the Air Force and Army to proceed with programs for launching four and perhaps five unmanned vehicles to explore "in the vicinity of the moon." The Navy is directed to begin preparing equipment for the vehicles which will send back an account of what is on the moon—probably including the still unknown far side.

The Army was told to launch two and possibly three more Explorer satellites in a continuation of the program which has put two of the three U. S. earth satellites into orbit.

An initial allocation of about eight million dollars was ordered to start work on the over-all program.

The Army Ballistic Missile Agency at Huntsville, Ala., was told to undertake one, and possibly two, lunar probes.

The Air Force's Ballistic Missile Division at Los Angeles was assigned three lunar survey vehicle projects.

Neither the White House nor Defense Department would speculate on when the first moon shot would be made. Some important parts of the equipment needed already exist.

Good Morning!

A husband is a fellow who started handing out a line and wound up walking it.

\$762,504 Budget Prepared By County

Thanks For Thruway

Praises Leader's Action

THE CHAIRMAN of the Monroe County Chapter of the Keystone Shortway Assn. yesterday lauded the action of Gov. George M. Leader in speeding bids on the Stroudsburg Thruway.

In a telegram to the governor, Clifford L. Cramer also urged Leader's "powerful support" for speeding the design on the Shortway for earliest bidding.

The text of Cramer's message: "Please accept our sincere thanks for the great role you have played in bringing Stroudsburg Thruway to bidding stage this Spring as part of Keystone Shortway and Penn-Can Highway with great interchange near Tannersville, Monroe County.

"As chairman of Monroe County Chapter, Keystone Shortway Assn., I express feelings of our entire group representing all municipalities, labor, industry, banking, mercantile and civic organizations and appeal to you to press Bureau of Public Roads for speedy approval of location survey of Shortway from Tannersville to White Deer so this phase and remainder of Shortway can be completed in 1965.

"We further plead for your powerful support in urging consulting engineers to speed design without delay on Shortway for earliest bidding, a move we are certain will add to your prestige nation-wide because Shortway, anyway you analyze it, is the greatest highway in the proposed federal system to nation economically and from national defense standpoint.

"Please be assured of our full support and gratitude for your great vision in behalf of Shortway."

Some Bids On Shortway Due Soon
JIM THORPE—Rep. Francis E. Walter (D-Pa.) said last night that some contracts for construction of the Keystone Shortway will be let in the near future.

Walter was a member of a three-man panel discussion on the unemployment situation in the area which attracted 500 persons to Carbon County Courthouse.

Walter said the contracts will affect this area and said they should aid the unemployment situation.

Other members of the panel were State Sen. William Z. Scott and William Wyatt, Carbon County representative in the General Assembly. Judge James C. McCready was moderator.

New Moon's Transmitters Appear Okay

IOWA CITY, Iowa (AP)—Both the low-and-high-powered radio transmitters of Explorer III appear to be working properly, physicist James Van Allen of the State University of Iowa reported Thursday.

The high-power transmitter is linked to a miniature tape recorder which will transmit two hours worth of stored cosmic ray data in a five-second burst when triggered by ground stations.

Thus far, Van Allen said, triggering stations which have received data from the tape recorder-transmitter combination include Antigua, British West Indies; Lima, Peru; San Diego, Calif.; and Antofagasta, Chile.

The recorder and cosmic ray counter were built on the State University of Iowa campus here.

Towns Asked To Submit Project List

WASHINGTON (AP)—Mayors and Burgesses in Pennsylvania were invited yesterday to draw up a list of projects in their communities that might be eligible for federal loans.

The request was made by Sen. Clark (D-Pa.). He asked that they send him details of the projects in case a new anti-recession program is authorized.

The program proposes two billion dollars in long-term, low-interest federal loans to communities to help construct buildings, sewage facilities and other projects. Clark is a co-sponsor of the program.

Planes Crash; 18 Killed

BRIDGEPORT, Tex. (AP)—Two military planes collided over this north Texas town Thursday and Air Force reports showed 18 servicemen died when the planes crashed. No one survived.

The crash of a C124 Globemaster took 15 lives. A C119 cargo plane smashed on a farm and killed the three aboard. The C124 had a crew of 10 and picked up five passengers in San Antonio, Tex., Kelly Air Force Base reported.

The Globemaster's home was Hill AFB, near Salt Lake City, Utah. The C119 was stationed

at Carswell AFB, at Fort Worth, 45 miles southeast of here.

The Globemaster burned fiercely. Pools of molten metal glimmered around the wreckage.

The skies were overcast at the time of the crash.

The Defense Department in Washington said the C124 was en route from Kelly AFB to Tinker AFB, Oklahoma City.

The C119 was en route from Sheppard AFB, Wichita Falls, Tex., to Carswell.

The C119 struck a plowed field, missed farmer W. J.

Mann by only a few feet and ricocheted into a wooden area.

The explosion of the Globemaster shook Bridgeport, and smoke could be seen here from the wreckage, about four miles away.

C. L. Hill of Bridgeport said he saw the planes come together.

"They were just under the overcast when they collided," he said.

"The plane coming from the South hit the wing of the one from the east."

"The C124 was coming from the east."

Great Confidence
"You have just expressed great confidence in me by your decision and you have done me great honor," Khrushchev told Parliament. "I will do everything to justify your confidence and shall not spare strength, health or life to serve you."

In his formal address, Khrushchev then urged adoption of his plans to abolish machine-tractor stations and turn over agricultural machinery to collective farms.

Most of his emphasis was on agriculture in the 150-minute speech in which he pleaded, among other things, for more animal manure.

Bulgaria's resignation had been expected. As the joint session opened, he surrendered the post he had held since February 1955, when Georgi M. Malenkov lost it.

Voroshilov, a figurehead Soviet president—he is chairman of the Parliament's Presidium—then read a nominating statement. It said Khrushchev had been selected to lead the government because of his "exceptional fruitfulness" as first secretary of the Communist party Central Committee.

Praises Chief
While a storm of applause broke over the hall, Deputy Premier A. I. Mikoyan, a veteran Bolshevik, leaped forward to congratulate his chief, and pumped his hand enthusiastically. The 77-year-old Voroshilov followed suit. In the background, a smiling Bulganin joined in the applause and chatted calmly with other leaders.

The chairman of the Moscow party, I. V. Kapitonov, on behalf of a group of his colleagues, moved a resolution accepting the Bulganin resignation and approving the new Council of Ministers with Khrushchev as chairman.

Merger Needs Study

WILKES-BARRE (AP)—Directors of Wilkes-Barre Deposit and Savings Bank yesterday decided the proposed merger of the bank with two other regional banks calls for further study.

The little bank's fiery commander, Arnold G. Barron, said all 36 had saved for months to buy the \$200,000 in arms seized with the men.

36 Held Enroute To Help Rebels
BROWNVILLE, Tex. (AP)—The United States yesterday seized 36 New Yorkers—all uniformed and heavily armed and heading out to sea to fight with Cuban rebel Fidel Castro.

The cloak-and-dagger sea action came just before dawn in the Gulf of Mexico. Their boat was stopped off shore by the Coast Guard.

The little band's fiery commander, Arnold G. Barron, said all 36 had saved for months to buy the \$200,000 in arms seized with the men.

Meany, Kennedy Clash
WASHINGTON (AP)—AFL-CIO President George Meany and Democratic Sen. Kennedy of Massachusetts, who has been friendly to labor, clashed sharply over legislation Kennedy has introduced to curb corruption in unions.

Unemployment Increases But Rate Of Climb Slows
WASHINGTON (AP)—Unemployment increases were shown in four-fifths of the 149 major employment areas of the nation between mid-January and mid-February.

The Labor Department made this report yesterday. It said the rate of increase slowed after mid-January.

Oil Imports Slashed 15%
WASHINGTON (AP)—President Eisenhower Thursday ordered a 15 per cent reduction in the oil imports of companies which have been bringing foreign crude oil into the country.

The reduction, effective April 1, is part of the government's voluntary crude oil import program. The cut applies only to imports from the Rocky Mountains eastward and primarily affects oil from Venezuela and the Middle East.

Eisenhower tightened up the program by directing the military services and other government agencies not to buy oil from companies which do not comply with the voluntary program of company quotas.

3,000 Workers Strike
BARCELONA, Spain (AP)—A two-day strike in this big industrial city spread yesterday to 3,000 workers in the Maquinista Terrestre Maritima Co. It makes marine motors and railway equipment.

Tucker Says Gifts Didn't Influence Him

SCRANTON (AP)—Charles S. Tucker, retired Army colonel, described gifts he received from contractors at the Army Signal Corps Depot at Tobyhanna as "Christmas or housewarming presents," from the witness stand yesterday.

Throughout his daylong testimony, Tucker, 53, admitted he accepted gifts from contractors. He denied, however, that the gifts influenced his official conduct as resident engineer for the Army.

Tucker is charged by the government with accepting gifts from contractors who held millions of dollars worth of contracts at the military installation.

Tucker also testified that he exchanged one acre of land for labor costs with Joseph Bright, Pittston building contractor. He said the labor costs resulted from the construction of a fireplace at his home between Tobyhanna and Newfoundland.

Spoils Heap
The rock used for the fireplace, Tucker added, came from the depot's "spoils heap" and was classified as waste by Army standards.

During the government's presentation of evidence, 16 incidents of gift acceptances found their way into the record.

Two Army officers under whom Tucker once served testified that Tucker was a man of good reputation and integrity. The officers are Maj. Gen. Thomas North, commander of the American Battle Monuments Commission in France, and Col. Ray Adams, of Fort Belvoir, Va.

Atty. Oliver Dibble, government prosecutor, will cross-examine Tucker today.

Indications are that the jury of eight men and four women will receive the case either late today or early Saturday.

Lavelle Wins First Place On Ballot

HARRISBURG (AP)—Edward Paul Lavelle, Scranton, a political novice without organized support, won first place on the May 20 primary ballot Thursday for the Democratic nomination for governor.

Arthur T. McGonigle, Reading pretzel manufacturer, drew first place on the Republican ballot for the gubernatorial nomination. He has the backing of the Republican state organization.

Harold Stassen, President Eisenhower's former disarmament aide, got second place on the Republican ticket for governor, with William S. Lisengood Jr., former secretary of internal affairs, behind him in third place.

Furman Second
For the Democratic gubernatorial nomination, Lt. Gov. Roy E. Furman, who is backing the organization-backed Mayor David L. Lawrence, Pittsburgh, getting third place.

For the United States Senator, first place on the ballot went to Rep. Hugh Scott, Philadelphia, Republican, and Clarence P. Bowens, Reading, Democrat.

The drawing by the state Election Bureau determined the places on the ballot.

Retired Physician Looks Back To Varied Career

By Don Carlson
THE VERSATILITY of Dr. David Henry Keller might best describe him.

As a teenage newspaper writer just before the turn of the century, he was to become the next link of an ancestral chain of military men.

This was accomplished in succeeding years, but his versatility also led to a host of achievements and experiences.

Yesterday, the 78-year-old retired physician looked back from his Stroudsburg home at 55 Broad St. to recall his days as:

A horse and buggy doctor, newspaper writer, historian, poet, soldier, public official, novelist, teacher, short story writer and lecturer.

Just 30 years ago, he explained, he wrote and sold his first "story." Since then he has written nearly 2,000 novels, short stories, poems, and magazine articles.

Some of these writings, he continued, were published in France, Finland, Argentina, Mexico, China and England, in addition to those published here in the United States.

Nearly 40 such stories, he remarked, required reprints. In one case a book was reprinted 10 times.

As a writer, he points out, he began at 13 by writing a story for a weekly newspaper in Bath, Northampton County. The story was acknowledged by the paper with a year's free subscription.

Some three years later, he "covered" an annual two-week camp meeting at Delaware Water Gap that was sponsored by the Methodist faith.

Daily, he said, he would write an account of events at the camp and then board a bicycle with his notes for a journey to the local newspaper, believed to be The Daily Times.

On this basis, Dr. Keller expressed a belief he is "the oldest living man who wrote for a local paper."

In newspaper channels, he continues, there is still another factor. In addition to his ancestry of soldiers, there was also a newspaper editor and owner.

David Keller, a grandfather after whom he was named, held the post of editor-owner of a local paper known as The Jeffersonian.

After completing his high school education at Boys' Central in Philadelphia, he entered the University of Pennsylvania and later was graduated as a doctor of medicine.

For the next eight years, he commented, he served as a "horse and buggy doctor" at Russell, Warren County, Pa.

This in turn led to posts as assistant superintendent at state hospitals in Louisiana, Tennessee and Pennsylvania. At this point, 1914, he confined his medical practice to cases of nerves and mental disorders.

Entering the Army, he specialized in neuro-psychiatry. Dr. Keller said he served throughout both World Wars in their entirety. He retired late in 1945 as a lieutenant colonel.

One of the assignments dealt him during World War Two was to organize a school for foreign-speaking soldiers. All of them, he remarked, had to be taught to read, write, and tell time.

It was a job, he continued, that had to be done rapidly. As a starter to meet the task, Dr. Keller developed his own basic English primer and reader.

Approximately 375 English words were used in the book, and his classroom work employed the use of "flash cards" and other types of instruction aids.

Within 12 weeks, he said, almost all of the men were able to read and write. Many were said to be able to write home to the families.

Another assignment, he continued, was as medical instructor at an Army school for chaplains.

The school, held at Harvard, led to two years of teaching and lecturing to an estimated 6,000 chaplains.

After leaving the Army in 1945, he returned to Monroe County and resided at the home he presently occupies.

Among his latest works is "The Story Teller." It has just been completed, he points out, and required more than two years of writing. It was written three times, he adds, and is based on research of more than 650 books.

Beginning 6,000 years BC, The Story Teller relates the art up to the present.

Most writers, he explained, either chose or are confined to one vein of writing. His works include more than one vein. Among them are science fiction and straight fantasy.

As the interview neared an end, Dr. Keller was asked of his plans for the future. His reply related the predictions of friends who said he will always continue to write.

His conclusion: He probably will.

Reservists Taking Part In Exercise

MEMBERS of United States Army Reserve units based at the Tobyhanna Signal Depot and in Wilkes-Barre will take part in individual weapons firing at Indian Gap Military Reservation this weekend.

Units participating are the 401st Signal Company (Support), stationed in Wilkes-Barre, commanded by Captain E. A. Lucas of Kingston; 584th Signal Company (Depot), stationed at Tobyhanna Signal Depot and commanded by Captain Luciano D. Tempesta, Dunmore; 305th Signal Company (Repair), also based at the depot, commanded by 1st Lt. John R. Coslett of Scranton; and "M" Company, 313th Infantry Regiment, stationed in Stroudsburg, commanded by 1st Lt. Charles Wilkison, a Paradise native.

The units will depart early tomorrow morning and travel in convoy to a central meeting point where they will proceed to the firing ranges at Indian Gap Military Reservation. Elements of the Tobyhanna and Wilkes-Barre convoys will communicate with each other en route by radio on assigned frequencies.

Quartered In Barracks

The men will be quartered tomorrow night in barracks on the post and mess will be prepared in the field near the firing ranges.

Religious services will be held in the field on Sunday. Lt. Col. Richard F. Grady, Chaplain in the Army Reserve and a member of the University of Scranton faculty, will conduct Roman Catholic Services. A Protestant chaplain on the military post will hold services for men of Protestant faith.

Individual weapons firing by the units will be inspected by the commanding general and staff of the U. S. Army 21st Corps. Also acting as observers will be Major Robert T. Resetter, Scranton; and Major Martin J. Fastina and M/Sgt. Robert V. Davis, Tobyhanna.

Other participants are: Lt. Col. Joseph Williams, Pittston; Lt. Frances Dubiel, Moscow; Lt. Mason Linn, Tobyhanna; Lt. Elwood Mapes, Kingston; Lt. Joseph Schneider, Dallas; Lt. George Miller, Stroudsburg; Lt. Frank Davidowski, Edwardsville; SFC Richard Nash, Mountaintown; M/Sgt. Ken Kocher, Trucksville; Lt. John Rentscher, Kingston; Lt. Lucien Snapkowski, Pittston; Lt. John Abalom, Buck Hill Falls; SFC Jack Kelly, Kingston; and SFC Robert Adams, Bartonville, and M/Sgt. Stanley J. Waltes, Scranton.

Final Rites Announced For Finnegan

PHILADELPHIA (AP)—Expressions of sympathy from top men in the political field poured into Philadelphia Thursday in connection with the death of Democratic political veteran James A. "Jim" Finnegan.

Finnegan, who rose from ward committeeman to become a power in local, state and national Democratic politics, died late Wednesday night of lung cancer and advanced pneumonia. He was 51.

The premature-gray political veteran was manager of Adlai Stevenson's 1956 campaign for the presidency. And Thursday, in Washington, Stevenson said he was "deeply distressed" at the death.

Praised by Senators Sen. Joseph Clark (D-Pa.) told the Senate that Finnegan "made of the art of practical politics an honorable profession."

Pennsylvania's Republican Senator, Edward Martin, told of his long friendship with Finnegan and termed his death "a real loss to Philadelphia and Pennsylvania."

At the time of his death, Finnegan was Pennsylvania's Secretary of the Commonwealth. Solemn Requiem Mass will be held Monday at the church of the Most Blessed Sacrament.

LET THERE BE MUSIC—Stroud Union High School presents its annual Spring Choral Concert tonight at 8 in school auditorium. Here Numa Snyder, chorus director, draws singers into rehearsal of one of major numbers on the program.

Guest soloist will be Leonard Kranendonk, one of best-known members of Fred Waring's "Pennsylvanians." Theme of tonight's concert will be "Music of Pennsylvania." (Staff Photo by MacLeod)

Club Speaker Gives History Of Surgery

DR. GORDON Van de Noort, chief surgeon at Bryn Mawr Hospital, discussed "The Beginning and Development of Neuro-Surgery" at yesterday's luncheon meeting of the Rotary Club in the Penn-Stroud Hotel.

Tracing the history of neuro-surgery from the Stone Age when skull incisions were made by a sharp stone and bone discs were worn as amulets, the speaker said most of the progress in the field has been made in the 20th Century.

An early history of neuro-surgery can be found in a collection of 400 skulls preserved by Harvard University.

Both Brain, Back

Dr. Van de Noort said neuro-surgery includes both brain and back operations with tumors being removed from the brain and from the spine for the most part.

His talk was illustrated by a series of slides showing operating procedures and post-operative care. X-ray, he said, is particularly helpful in diagnosis.

Dr. Van de Noort, who is also consultant to 11 Philadelphia hospitals, conducted a question and answer session at the end of his talk. He was introduced by John Muller, program chairman.

Philadelphia Eggs

PHILADELPHIA (AP)—Eggs: Steady. Prices paid by large retail outlets are as follows: Mixed colors: Fancy heavy 20 per cent A 42½-43; extra 1 medium 41½-42; large standards 40. Whites: Near-by extra fancy heavy 10 per cent AA 50; nearby mediums 48-49. Browns: Fancy heavy 20 per cent A 43½-48; nearby extra fancy heavy 10 per cent AA 50-52.

Khrushchev Deals Collective Government In Soviet Russia Crushing Death Blow

By J. M. ROBERTS

Associated Press News Analyst
Collective government in Soviet Russia, handed a serious blow by the purges of last June, has now gone completely out of the window.

Khrushchev, one of its principal public proponents, may make some gestures in trying to save its face for a time, but totalitarianism has produced its inevitable dictator.

Khrushchev's assumption of complete power in the Stalin pattern is merely a formalization of what has been the fact for months. It is not expected to have any basic effect on Soviet posture toward the rest of the world.

Internally, Khrushchev is not likely to adopt the Stalin system of rule by terror. He has displayed little tendency to emphasize Communist theory as Stalin

did. Indeed, his latest changes in the Soviet agricultural system are seen abroad as a move away from communism. He seems to be realizing that too close application of Communist theory is not compatible with the evolution of a modern industrial state.

Externally, however, Khrushchev's latest statements reiterate his emphasis on Russian economic hegemony over the world, and the extension by that means of whatever form communism takes in the Soviet.

Road to Peace
Khrushchev's chief efforts in foreign affairs have been directed against American bases abroad, NATO, the Middle East, and a challenge to Anglo-American predominance in world business.

As a part of this, he has sought to convince the neutrals that the Soviet way is the road to peace. He can now be expected to make new and sensational propaganda moves in this campaign. The real top man will now step into dealings with President Eisenhower and other world leaders who served the unimportance of the puppet Bulgarian.

By stepping formally into the front seat, Khrushchev is taking risks he has probably calculated carefully. His associates in the Soviet hierarchy have been downgraded, though not to the extent that Molotov, Malenkov, Shepilov and Kaganovich were downgraded last June. There is now a formal central figure on which dissidence can be focused, not only by the disappointed political figures but by dissatisfied elements among the people.

The only way Stalin found to meet a similar situation was to rally support for "Mother Russia" against the rest of the world which he always depicted as about to attack her.

The paranoiac Stalin suffered from hallucinations which lent a certain air of sincerity to this pose, even though his own aggressive actions were the cause of world resentment against the Soviet Union.

Khrushchev, better balanced, may not put so much verve into it, therefore he may be the more dangerous man.

Anti-Cancer Research Set

RAHWAY, N. J. (AP)—Merek & Co., Inc. is embarking on a two-fold government-sponsored research project in the field of cancer, a company spokesman announced yesterday.

The larger of the two projects will be in biological research, aimed at developing effective anti-cancer agents. The second part of the program will see the establishment of a preparatory laboratory to supply compounds needed in cancer research.

Merek will receive \$775,000 for the first year under the government's program for the discovery of anti-cancer drugs.

The President issued a four-thousand word "Introduction to Outer Space" summary of the problems and prospects of space technology, prepared by his Science Advisory Committee.

Flight To Moon To Be Costly
WASHINGTON (AP)—President Eisenhower's space scientists offer a "rough estimate" last night of the cost of sending a man to the moon: a couple of billion dollars.

The President issued a four-thousand word "Introduction to Outer Space" summary of the problems and prospects of space technology, prepared by his Science Advisory Committee.

Pre-School Registration Dates Listed

SMITHFIELD Township School pre-school registration will be held Monday and Tuesday.

All registration will take place at the school in Minisink Hills. All children in the township who will be six years old on or before Jan. 31 must report for registration and examination or will not be permitted to enter school in September.

Following is the alphabetical listing of times for prospective pupils to report:

Schedule Set

Monday, 9 a. m. to noon—children whose last names begin with the letters "A" through "D." 1 p. m. through 3 p. m.—Children with last names beginning "E" through "J."

Tuesday, 9 a. m. through noon—Last names with letters "K" through "R." 1 p. m. through 3 p. m.—Last names with letters "S" through "Z."

The first grade teachers, school nurse and the Monroe County school psychologist will be assisted by a committee of hostesses under guidance of Mrs. David Mazer and Mrs. Russell Scott.

Cigarette Sales Climb

WASHINGTON (AP)—Americans smoked a record number of cigarettes in 1957 and paid a record amount of taxes on them.

An Agriculture Department report Thursday placed last year's consumption at 409 billion cigarettes, up 4.1 per cent from 1956.

In calendar 1957, the department said federal, state and city taxes on cigarettes reached a record \$2,295,000,000—nearly 5 per cent more than in 1956.

This tax take represented about 45 per cent of the money spent for cigarettes and was nearly 1½ times the farm value of last year's crop of tobacco, part of which was used for pipe smoking, chewing, snuff and exports.

Two Arrested For Gambling

PITTSBURGH, Pa. (AP)—State police and Luzerne County detectives Wednesday night raided a recreation center, broke up a card game and arrested its two proprietors on gambling charges.

Held in \$1,000 bail each were Joseph La Torre, 45, and Floyd Gubiesio, both of Pittsburg.

New Jersey Residents Urge Highway Be Constructed Along Delaware River

DELAWARE WATER GAP—A petition bearing the names of more than 2,600 residents of Warren and Huntingdon Counties, New Jersey, have been presented to Gov. Robert B. Meyner urging construction of a highway between Byram and Raven Rock.

The 1½-mile stretch, if completed, would bring a dream of former President Woodrow Wilson for a 111-mile state road along the Delaware River from Port Jervis, N. Y., to Trenton to reality.

Wilson conceived the idea for a Delaware River Drive while he was governor of New Jersey. In 1912, the assembly passed a bill providing for the road to be built over a five-year period.

When Wilson became president, in 1913, his dream went into a state

of suspended animation until the depression 21 years later. Then federal agencies combined to build the first section—a three mile roadway between Frenchtown and Stockton in 1935.

Agitation by area residents resulted in construction of another three-mile section north of Stockton in 1949. The third and fourth sections between Phillipsburg and Trenton were completed in 1954.

In that same year, the state undertook grading of another three-mile section north of Stockton in 1949. The third and fourth sections between Phillipsburg and Trenton were completed in 1954.

Meyner was not too encouraging. He thought the highway was a fine idea, but

wanted to know who was going to pay for it. He pointed out that there are no federal funds available and suggested the petitioners write their representatives in the legislature to see if they would provide financing.

DO YOU FEEL at home AT HOME?

Everyone has his own ideas of what makes a home comfortable, good-looking and livable. Does your home measure up to your ideas? Or could it, at reasonable cost?

To some, the answer might be an extra bedroom or bathroom; or landscaping around the house; air conditioning units or a two-car garage.

Whatever improvements you need to make you feel "at home" at home—tell us and we'll see if we can't finance them for you, quickly and inexpensively.

EYES FOR BANK—Dr. T. I. Metzger is shown enucleating an eye from the body of its donor at Monroe County General Hospital, local substation for the Northeast Pennsylvania Lions Eye Bank. Looking on are Walter R. Hicks, eye bank

president and international Lions counselor; James J. Cummings, publicity chairman for the local Lions; Dr. William M. Simons and Dr. Paul R. Maxwell, in charge of the local sub-station. (Staff Photo by MacLeod)

Lions Club Eye Bank Establishes Sub-Station At General Hospital

By Don Allen
MONROE County General Hospital is now serving as a sub-station for the Northeast Pennsylvania Lions Eye Bank with headquarters in Easton. Other sub-stations are located in Lehigh, Pottsville and Allentown.

The eye bank program is geared to the clock. For one thing, the operation to be successful must remove the eyes from the donor within three hours after death. Then the eyes must be used within 24 hours in the case of

a corneal transplant. If used within 12 hours, the chances of success are 95 per cent. Since the area eye bank was established, six eyes have been removed—enucleated is the medical term for it—and five have been used successfully.

The sixth, improperly packed after removal, was damaged in transit. In addition to using corneas for transplant purposes, a development now passing through a rapid pace is the implanting of the vitreous (li-

Ezra Gum Dies Near Nazareth

EAST LAWN—Funeral services will be held Monday afternoon for Ezra Gum, 52, of 18 Schoenck Ave., East Lawn, Upper Nazareth Township, who died shortly after 4 a. m. yesterday at his home.

Mr. Gum, who had been ill since Tuesday, was a farmer in his early life. Later he was employed as a blacksmith for many years at the Hercules Cement Corp., Stockertown. He had retired in July 1946.

Born in North Bangor, he was the son of the late Amos and Elizabeth Gum. Until about 12 years ago when he took residence in Schoenck Ave., he had lived on Green St. in Nazareth.

Surviving are his widow, the former Nora F. Bowman; three sons, Raymond, Stroudsburg, RD 1, John, Cedar Grove, N. J., and Orin, East Lawn; six daughters, Mrs. Leo Shook, East Lawn, Mrs. Francis Grogan, Easton, Mrs. Emily E. Engler, Sr., and Mrs. Arlington Fehr, both of Nazareth, Mrs. Mark Gradwohl, Easton Route 40, and Mrs. Fred Anderson, at home; a brother, Orrin Gum, Tatamy; 23 grandchildren and 44 great-grandchildren.

The funeral will be held at 2 p. m. Monday at the F. W. Schmidt Mortuary, Nazareth, with the interment at the Lake-side Cemetery, Saylorsburg. Friends may pay their respects Sunday, 7 to 9 p. m., at the mortuary.

William Hagerty, local weather observer, expects sunny skies today with a morning low of about 25 and an afternoon high of between 50 and 55. Saturday, still fair, and Sunday, fair and warmer.

A-B-E Airport predicts partly cloudy weather, rather windy, and milder in the afternoon.

\$762,504 Budget Drafted By County Commissioners

(Continued from page one)
Total tax assessment allocation is \$31,350. There is an additional item of \$10,000 for capital outlay to be used in the purchase of equipment.

For weights and measures the allotment is \$3,850; for county treasurer—\$9,325; for tax collectors—\$11,600; for auditors—\$2,300; for the office of the recorder of deeds—\$7,025. Administrative costs total \$122,475 for operation and maintenance and \$27,150 for capital outlay.

Judicial Allotments
Under judicial costs, the proposed budget lists the following breakdown:

Sheriff's office—\$15,950; coroner—\$1,400; prothonotary—\$10,850; district attorney—\$6,955; law library—\$5,500 (this would include some painting, drapes and additional lighting); courts—\$22,800; justices and aldermen—\$2,300; constables—\$600. Total judicial costs are estimated at \$66,355. This figure combined with the previous costs of administration bring the total general government cost to \$215,980.

Costs of correction of prisoners are listed as \$6,750 for probation and parole; \$22,000 for maintenance of prisoners in correctional and penal institutions (\$14,000 for adults and \$8,000 for juveniles); \$10,000 for operation and maintenance of Monroe County Jail. Total correction costs are estimated at \$38,750.

A \$20,000 appropriation for potential flood control projects is included in the current budget. It will go toward county costs for its share in the Pocono Creek project at Tannersville. If the Brodheads-McMichael project in the Stroudsburgs is engineered and begun, this item will take care of County participation in that, too.

Miscellaneous costs estimated at \$64,125 are placed in the proposed budget. These costs include County contributions to some welfare agencies, to fire companies, historical and civic groups, military affairs costs, insurance.

Under a classification listed as "unpaid bills" the budget allocates \$10,000 for the Pocono Mountains Airport and \$48,600 for the new tax equalization program. Neither actually comes under the heading of "unpaid" bills, although this is the only budget category which suits them adequately, Achterman said.

Airport Fund
The airport's \$10,000 has been set aside for it on the basis of \$5,000 each year for the past two years. But the Airport Authority has never met the

requirements of the County's agreement to allocate funds—ground has not yet been broken for the field.

Included in the tax equalization allotment is the balance of money due to J. L. Jacobs Co., now at work on completing the project and a sum of money alleged to be due John Alcher, engineer, who worked on an early phase of the contract and later sued the County.

Under expenditures from the Liquid Fuels Tax Fund, the proposed budget lists \$136,000 for "new construction—repairs by contract" on roads, highways or bridges which are county-owned; \$80,000 for "discretionary grants to municipalities" as part of an overall \$222,874.55 expenditure.

Balance listed in the fuels tax fund is \$96,016.84. The budget estimates bonds on hand at \$20,000. Receipts and bond interest are estimated at \$100,000.

In the Institution District budget's general operating fund, the following expenditures are listed:

General administration—\$20,075; County home administration—\$2,625; care of inmates and operation of the home—\$36,725; County home farm—\$14,300; "other forms of adult-family group care"—\$11,400; direct care for children—\$47,200; Children's Aid Society appropriation—\$8,400; capital outlay—\$1,500; miscellaneous costs (Social Security, insurance, etc.)—\$2,575. Total operating fund is \$142,175.

Township To Aid In Flood Project

Dam Removal Agreed To In Pocono

POCONO Township Supervisors yesterday notified County Commissioners that they will "go along" with a project to remove part of the danger of flooding on Pocono Creek at Tannersville.

Supervisors clerk William Clugston wrote this letter received by the County yesterday morning:

"I have been instructed by Pocono Township Supervisors to write you that they would go along with a project to try to eliminate the danger of flood waters from Pocono Creek in Tannersville at the Pocono Diner where so much damage was done by the 1955 flood.

"If I understand correctly, they and Pocono Township School Board would do the work necessary to lay a pipe so that the Department of Forests and Waters could remove a dam and deepen and widen the channel of Pocono Creek and by placing more pipe to the creek so that the school would not be deprived of any water at the school pond."

Removes Old Dam
The flood control project has been outlined by the State Department of Forests and Waters. It would do away with an old dam at the rear of Pocono Diner.

It calls, also, for installation of adequate piping to direct part of the stream flow into the pond-reservoir in front of the township school. This pond serves as a source of supply for the school.

The County, meanwhile, has set up a \$20,000 item in its proposed 1958 budget which is earmarked for its participation in flood control works.

Award Proves Theory Alec Best Liked Here

HOLLYWOOD — Alec Guinness always said they liked him better in America than they did at home—and Wednesday night's Oscar documented the shy Briton's statement.

Yet Guinness is such an introverted actor—one of the few—that it's doubtful that he ever would have become a star had he started a career here.

His face is that of the average man, probably the paradoxical reason that he also is known as the man of a thousand faces.

By Hollywood standards, Guinness defies every rule for box office success. He has a face that a London critic once described thus:

"You notice it—or rather fail to notice it—as soon as he enters a room. He shimmers in and is amongst you; a slight man, balding and bland, with deprecating slo-

ed shoulders which he shrugs constantly.

"You might easily mistake him for a slightly tipsy curate on the verge of being unfrocked. He looks unmemorable. Were he to commit a murder I have no doubt that the number of false arrests following the circulation of his description would break all records."

Guinness has used that face to create some of the most delightful British comedies ever made—"The Lavender Hill Mob," "The Man in the White Suit," and a dozen others.

At a time when the British treasury was in dire need of American dollars, Guinness' pictures became with scotch whiskey and Harris tweed among the country's top exports.

"I was always amazed at the reception my pictures got

over here," he once said. "I must say some that the American critics raved about were panned unmercifully in England."

He got into the theater by whom Guinness believed to be the finest actor he had ever seen. Gielgud sent him to a drama coach who told him: "You have absolutely no talent. Don't waste your time."

William Holden, Guinness' co-star in "Bridge on the River Kwai," disclosed that Alec did not want the part that won him an Oscar.

"He wanted no part of it," said Holden, "but Sam Spiegel, the producer, hounded him around the world until he finally gave in. Even while we were making the picture, he still didn't think he should be doing it."

The 44-year-old actor undoubtedly has changed his mind now.

Activity Report Given At Meeting Of Society

MONROE County Tuberculosis and Health Society heard a report on its Countywide health education program last night.

Mrs. Estelle Fleming, executive secretary, reported to board members on these items of accomplishment for the past two months:

A total of 506 health posters and 1,787 health pamphlets were distributed to seniors at East Stroudsburg State Teachers College for their use in student teaching in local schools.

A total of 13,800 "Health Tips," a "newspaper" for children, were distributed to children in grades one through six in local schools.

Another 450 pamphlets were delivered to the junior class taught by Miss Katherine Griffith at Teachers College.

Pike County Superintendent R. Lloyd Jones received 200 of the "score yourself" health tests at his request.

Books were loaned to college students working on term papers. Movies on tuberculosis and health problems were shown four times to 185 persons at the college.

The X-ray report showed that 33 of the large 14 by 17 inch films were made at the request of physicians. A total of 39 small (4 by 5) photoregen X-rays were made—18 at physicians request, 27 to food handlers, nine for pre-natal cases and five for replacements at Patterson-Kelley Co. Plant.

The small-film machine at General Hospital X-rayed 397 persons during the three month period from Jan. 1 to March 26.

Services Held For Mrs. Peters

FUNERAL services for Mrs. Margaret Peters, 77, Phillipsburg, N.J., were held at 2 p. m. yesterday at the Lancaster Funeral Home. Rev. William F. Wunder officiated and burial was in Stroudsburg Cemetery.

Palbearers were Benjamin Stoltz, Howard Robertson, George Doolittle, William Lee, Albert Seizer and Pershing Seizer.

Burning Wire Alerts Firemen

EAST Stroudsburg firemen were called to Grand and State Sts. at 12:20 p. m. yesterday where a Pennsylvania Power and Light Co. wire was burning.

Fire department personnel stood by until the power was cut off and repairs made.

All our Monuments and Markers are available in Barre Guild Granite from Rock of Ages Quarries, Barre Vermont.

T-B Society Schedules Free X-Rays

FREE x-rays for high school juniors and seniors will be given beginning Monday in area schools.

A one-day free-x-ray program for the general public will also be carried out on Wednesday.

All of the program is sponsored and directed by the Monroe County Tuberculosis and Health Society. It is financed by the annual purchase of Christmas Seals.

On Monday, the schedule will be:

Stroud Union High School from 8:30 to 11:30 a. m.; Barre School from 1 to 1:30 p. m.; Tobyhanna Township School from 2 to 2:30 p. m.; Coolbaugh School from 3 to 3:30 p. m.

Tuesday Schedule
On Tuesday, this is the schedule:

East Stroudsburg High School from 8 to 11:30 a. m.; Pocono Township School from 1 to 1:30 p. m.; Chestnut Hill School from 2 to 2:30 p. m.; Polk School from 3 to 3:30 p. m.

During the school visits all members of junior and senior classes and all teachers, school personnel and bus drivers etc. will be x-rayed. The school program will be carried out once every two years.

The general public x-ray program to be held this coming Wednesday will be at Wyckoff's Department Store in Stroudsburg from 10 a. m. to 1 p. m. and from 2 to 6 p. m., according to Mrs. Estelle Fleming, executive secretary of the society.

Meeting Emergency

Civil Defense authorities have taken the lessons they learned during North-eastern Pennsylvania's heavy snowfall last month and incorporated them in a series of pamphlets.

The compilation of information is designed to save lives or reduce hardship during an enemy attack or a national disaster. One of the pamphlets tells how to assemble an emergency home food supply, based on data gathered in the wake of the crippling snowstorm.

The pamphlet suggests a seven-day food supply for the home and a three-day evacuation-survival kit for the family automobile.

The emergency pantry includes canned evaporated milk and powdered

nonfat dry milk, canned fruits and tomato juices, canned and dried fruits, canned vegetables, canned meat and meat substitutes, cereals, crackers and cookies, instant coffee, tea or cocoa and soft drinks.

Other essentials are bottled water, salt, sugar, matches, fuel, cooking utensils, can opener, tableware, paper supplies, portable radio, flashlight, candles, first-aid kit and pail. It's also suggested that games and amusements be packed for children.

If followed by all households, the suggestion would no doubt save a lot of lives and avert much of the confusion which exists in any serious emergency. The idea is recommended to the head of every family.

Opinions Of Other Editors

Lazier Living

The promises for armchair living in the half century ahead are almost as exciting as those for visiting the moon. An eight-hour work week is in prospect, it is said; also all sorts of electronic contrivances that will enable one to operate from a bedroom every convenience in the house, including the coffee percolator. A push-button will bring the motor car from the garage to the front door. At the office electronic brains, including those capable of making decisions, will take over.

But there has remained the job of bathing oneself. No robot seemed able

to take it over. Now, however, says Chemical Weekly, a pill is in prospect which when swallowed will cause a person to perspire a cleaning solvent.

Hence an end to family squabbles over the possession of the bathroom. No more arguments with Junior about the state of his ears, no more bubble baths of movie stars and—just possibly—no more soap operas.

Above all, more time to take some of that exercise doctors are forever urging as an antidote to the muscular flabbiness and other ills sedentary living has brought.—Washington Post

The Pennsylvania Story

Benched Himself

By Mason Denison
Harrisburg — This is the story of the man who was almost there — who didn't particularly want to be there in the first place — but who missed it by a hair and a countdown decision.

Tonight in York, where a hedge-hopping Continental Congress sat in 1777 and 1778 when forced to abandon Philadelphia, the four Democratic

candidates for statewide office carrying organization endorsement formally open their May 20 primary campaign. The occasion will be a "Roosevelt Day" dinner meeting at the sprawling Valencia Ballroom — an establishment not of any long standing historic significance but well known to two generations of dance band connoisseurs.

On the flag and bunting-draped podium will be the four statewide candidates seeking Democratic rank and file blessing in the May 20 primary — including Pittsburgh's Mayor David L. Lawrence.

ence, the long-shot gubernatorial hope of Democratic old

Not on the podium will be the man who almost was there in place of balding, bespectacled and aging Dave Lawrence — Thomas Dominic McBride, since Dec. 17, 1956 Pennsylvania's hard-working Attorney General.

On the sidelines Pennsylvania's chief law enforcement officer, tall, Philadelphia-born Tom McBride is not a professional politician. As the Democratic dinner gets under way tonight he will be sitting on the sidelines — in the manner in which he prefers but which he would have foregone had he been requested to run for the governorship.

How close he came to being the Democratic gubernatorial candidate is interesting. He was one of four candidates recommended by Governor Leader. He was the one almost agreed upon — until he himself recommended Pittsburgh's Dave Lawrence.

Non-professional politician McBride has been one of the mainstays of the oft-times bombastic Leader Administration.

Prior to his appointment as Attorney General he had met Governor Leader just once. He was offered the Department of Justice post "with no strings attached." There haven't been any since that time.

In legal articles McBride is viewed with unusually high esteem — so much so that in 1955 he was named Chancellor of the Philadelphia Bar Assn.

On Capitol Hill he is viewed with equal respect — not only by members of the Leader Administration but grudgingly in many cases by Republican protagonists on the other side of the aisle.

One and all have come to recognize lifelong trial lawyer McBride as a stickler for down-the-line legal justice and interpretations.

His opinions, oft-times sharply criticized by partisans, particularly in the early days of his tenure have held up in the acid court test in an amazing number of instances — oft-times defined solely by a fine legal line.

There are many who still feel that McBride beyond any shadow of doubt would have been the best insurance for Democrats on the gubernatorial front — and there are many within Republican ranks who feel the same way.

In actuality, in his own words, the thought that he was even being considered as a gubernatorial candidate "was the biggest and most flattering surprise of my life."

One observation perhaps worth noting: in the twenty-four years this reporter has been covering Capitol Hill, the present Department of Justice seemingly is operating on a dynamically active basis rather than the historically passive level of cloistered quiet.

Fifty-five-year-old Attorney General McBride — the man who was almost there — has had much to do with it.

Dreams Coming True

George Sokolsky Says...

More And More

The "General Welfare" is a phrase in the Preamble of the Constitution which can mean anything from a sentimental devotion to charity to a state which regards it as its duty to provide for its citizens all the necessities, benefits and even luxuries of life that can be conceived either by a legislative body or by a benevolent ruler or oligarchy.

When translated into money, such benevolences always tends toward an economic device generally referred to as "inflation." What is meant by "inflation" usually is that more currency is available to purchasers than goods. In a word, money is worth less in the market place; goods cost more and we enter into a period of the high cost of living.

Why this should ever happen in the United States which only needs to import such items as coffee, tea or caviare in the way of food but nothing in the way of fabrics or building materials, it is difficult to say. Experience with both the German and French inflations and with older inflationary periods would indicate that they are whistling in the dark to keep their spirits up. Others go in for buying works of art, jewelry and such commodities which always have some value and which can be exchanged for living expenses.

There is a measure of truth in this, except that, as inflations are often followed by social revolutions, the assumption must be that such valuables will be socialized or confiscated as President Franklin D. Roosevelt socialized gold in the United States by taking it out of the currency.

There is only one safe way to protect oneself and that is now being done by the very rich in the United States, namely, they get as much of their money out of the country as they can.

Actually, the United States is putting food in storehouses, giving some away free to other countries, but maintaining high prices, partly in order to pay high wages and partly to subsidize various producers and distributors and special groups who possess political advantages.

Social Revolution

But these subsidies do not protect the currency from losing its value. Thus, while one may have more pieces of paper in his pocket, in fact, so much that he cannot carry them in his pocket, the money grows increasingly less valuable until after a while, it becomes valueless. When money is valueless, there is always a social revolution. It was the inflation in Germany that made Hitler possible.

Look at these amazing figures in Germany 1919-23. In December, 1919, the total issue of paper currency (except emergency currency) was Marks 95,065,000,000; in December, 1923, it was Marks 496,585,345,900,000,000,000.

The latter figure cannot be said and to make sure that no one makes a mistake, there are 21 figures. In other words, the Mark had lost all value. To make the picture simpler, in November, 1923, 42,000,000 Marks were worth one cent of American money.

The Once Over

by H. I. Phillips

Back Home Personals In The Space Age: Bud Whipple, a long time resident of this town, is moving to the planet Jupiter. Mrs. Whipple will not accompany him and says she is having trouble enough on earth. Dudley Smathers and family are back home from journey to the moon, and look it. Mrs. Smathers got trapped in moon gas, Casper Whipperwill, who returned to town with a story he had been on a top secret mission to inspect lunar crust, is being cross-examined by his wife's lawyer in her suit for desertion. "That man has plenty of crust and needs no long trip to find out more about it," she says. T. Parsons Binnick, popular song writer, has made the hit parade with modernistic moon numbers. His new hits are "When the Ballistic Camera Comes Over the Mountain" and "By the Light of the Planetary Cosmic Rays."

Granville Potter is building a moon rocket in his cellar and thinks he will make a fortune if he can get into quantity production at a popular price, as Hank Ford did with the auto. "This can revolutionize weekend travel," he declares.

Willbur Kipper, who bought a deluxe four-passenger spaceship (Capri model) with push-button windows, hoping to visit Mars, took the thing out of the garage yesterday but it stalled 20 yards from the street. Something went wrong with the carburetor. Asked if he would try again, Mr. Kipper dejectedly replied, "No, I figure the moon can wait."

The local Saturday afternoon Outer Space and Tuesday Missile Clubs plan a cruise soon, with lunch on Saturn and a stop on Venus for a cold snack. Several members who haven't registered for the trip will be dropped for cowardice. Gran

Daily Record Survey

Teachers Criticize Dewey Theories

(EDITOR'S NOTE: This is one of a series of articles on Monroe County education. Each will be based on the results of the county-wide survey conducted by the author for The Daily Record.)

By Leonard Randolph
"WE ARE now reaping the consequences of the destruction of traditional education by the Dewey-Kilpatrick experimental philosophy."

"Dewey's desire to alter curricula so as to teach subjects which will be of use to the child in life can be accepted only if we interpret the term 'use' in its broadest sense."

"Unfortunately, his ideas have led to elimination of many academic subjects on the ground that they would not be 'useful' in life and to substitution of trivial, recreational and vocational subjects alleged to be of more practical value."

"The student thus receives neither intellectual training nor the factual knowledge which will help him to understand the world he lives in or to make well-reasoned decisions in his private life or as a responsible citizen in a modern democracy. He is, instead, handed a bag of know-how tricks; he is helped to become a pleasant, nicely-mannered young person, able to get along with whatever group

he joins."

The voice here belongs to Rear Admiral Hyman G. Rickover, the central figure behind the development of the U. S. Navy's atomic submarine "Nautilus." Adm. Rickover is a "scraper" with a brilliant mind. He is also a lone wolf in many respects.

But the key point here, and the reason the four paragraphs are quoted from his recent speech on education, is that some Monroe County classroom teachers and a large number of State Teachers College faculty members agree with what Rickover has said.

In their answers to The Daily Record education survey, some teachers call for a return to the ideals of "basic education." College professors are even more vehement in criticizing the theories of John Dewey, Columbia University education philosopher is sometimes called the "father" of U. S. "progressive" education.

When they talk of "basic" education, men like Rickover and Dr. James R. Killian, the President's cabinet adviser on science study, are pointing toward a "return" to the essentials of education upon which the American system was founded in the pre-Dewey

days.

Local teachers may not verbalize their attitudes quite so well as Adm. Rickover. And they do not use the strong language of his personal denunciation of the current "system." But some of them are saying the same things:

"We need to re-evaluate the curricula in our schools and eliminate the non-essential subjects or material. We need to offer better guidance for a proper choice of curricula according to the aptitude and ability of the student."

"We can improve instruction by having more drill and less frills for the middle and lower thirds of our student bodies. We should put the gifted third of each class in the advanced courses in science, higher math, etc. We should give more spelling, English, reading and math for the average student in secondary school."

"We should weed out courses students have no need for in their chosen fields."

"If pupils at high school level were made more aware of offerings at the academic level more of them would pursue this course of study. As it is now, the 'trimmings' of the general course seem more appealing."

"We can improve offerings and instruction by eliminating 'snap courses' such as home economics, etc."

"Parents must insist that school administrators plan a well-rounded curriculum. School educators should not be swayed by parents who are in favor of the 'easy' courses just to get diplomas for their children."

A substantial number of those answering The Record survey also agree that many of the flaws in modern instruction can be traced to the "anti-intellectualism" of recent years.

Over-emphasis on "life adjustment" courses (such as home economics, group living, and purely vocational subjects in a 'diluted' high school curriculum) and the downgrading of respect for mental achievement have worked hand-in-hand to warp the fabric of education."

In Monroe County, the consensus appears to be that this is less true than in most areas in the nation. But it still applies.

(Tomorrow—It's 'Life Adjustment' or 'Muddling Through?')

Joint Choirs Preparing For Cantata

ON SUNDAY, the combined choirs of Christ Episcopal Church, under the direction of Douglas Gordon, organist and choirmaster, will present "Christ in Gethsemane"—a Holy Week cantata relating the events in the life of Christ from the first Palm Sunday through Good Friday.

Included in the program are "Gethsemane," a short cantata by R. W. Martin, selections by A. Monestel, Dudley Buck and William Goldworthy. Biblical accounts of this first Holy Week, as recorded in the Gospel of St. Luke, will be read by Mrs. Madayn Maloney.

The program will be presented at 3 p.m. in the Methodist Church, Mount Pocono and at 7:30 p.m. in Christ Episcopal Church, Stroudsburg.

The public is cordially invited to attend.

Group Plans Trip To See Passion Play

ABOUT 55 members of St. Matthew's Parish catechetical classes and adult chaperones will journey to Union City, N. J., Saturday afternoon to see a performance of a Passion Play there.

The play is titled "Veronica's Veil." It is one of the most widely-known plays based on the Passion of Christ.

The chartered bus will leave East Stroudsburg railroad station at 4:30 p.m. It will stop at 4:40 p.m. at St. Luke's Church in Stroudsburg to pick up passengers.

WARNING

All personal Tax remaining unpaid in the Boroughs of STROUDSBURG and E. STROUDSBURG APRIL 1st will be collected by wage attachments or liens, according to law.

Educational Leader To Speak Here

ELDER LYNN R. Callender, educational superintendent and head of the war service department of the E. Pennsylvania Conference of Seventh-day Adventists, will be guest speaker tomorrow at 9:15 a.m. when the local Adventist congregation meets for worship.

Callender will come from Reading, where he heads the educational and war service work for 59 churches comprising the conference. He will speak in the interest of Blue Mountain Academy, the denomination's million dollar secondary school plant near Hamburg.

The speaker spent sometime in this area about two years ago working with the local building committee making final plans for the location and development of the new elementary school, which is now in the completion stage.

Sabbath Offering
Adventists tomorrow will dedicate their special quarterly offering to help provide a Christian center in Nazareth, boyhood home of Jesus.

Mrs. Harry Peiper, Sabbath school leader of the Stroudsburg church, said part of the funds received at the special missions—emphasis service will also provide facilities to begin mission activity in two countries previously unentered by Adventists. They are French Guinea in West Africa, and the Central African country of Ubangi-Shari. Adventists currently conduct missions in 185 of the world's 205 officially recognized countries.

Plants Settle Strike

NEW YORK (AP)—More than half the Pennsylvania dress plants struck three weeks ago have settled for union conditions and the trend is continuing, a union spokesman said last night.

Temple Israel To Honor Children At Serices

TEMPLE Israel will hold its regular & Sabbath service tonight at 8.

Birthday Sabbath for March will be observed tonight, and children celebrating birthdays this month will be honored.

Rabbi Joshua Sandler will conduct the service and speak on the topic, "Passover Thoughts." This Sabbath has been designated by tradition as "The Great Sabbath" because it precedes the Passover Festival of Freedom which begins on April 4.

The children's sermon is entitled "The Great Miracle." A Sabbath reception will take place in the vestry after the service.

Other Services
The Youth Cultural Group, studying Jewish History and Fundamentals of Judaism meets Sunday at 7 p.m.

Evening services will be held Monday, Tuesday, Wednesday and Thursday at 7:30.

A Model Seder will be performed by the Hebrew School classes Sunday at 10:30 a.m. The Seder is the home ceremony for the first two nights of Passover.

Mrs. Florence Booth returned to her home in Shamokin after spending some time with her son, Rev. Robert Booth and family.

Mr. and Mrs. Nathaniel Gruber visited their daughter, Mrs. Paul Moll, a patient in St. Luke's Hospital, Bethlehem.

Jesus Loved Them

Small Tinkle Of Widow's Mites Rang Like Thunder In Heaven, Disciples Told

"And he saw with a certain poor widow casting in thither two mites."—Luke XXI: 2.

By Patrick and Harrison
JESUS had led His disciples into the magnificent Temple in Jerusalem, where He so often spoke to them and to any who cared to listen, of the kingdom of God, which was greater than this religious palace that some day was to be a heap of rubble.

On this occasion, He sat opposite the women's court, called the Treasury, where voluntary offerings were received for the Temple.

Twelve trumpet-shaped metal receptacles lined the big cham-

ber, above each of which was inscribed the kind of offering it was designated to receive.

Each donor, as he deposited his coins, had to announce aloud the amount of his offering and the purpose for which it was being made.

The Treasury was in the court of women so that both sexes would be able to make contributions.

Jesus and His disciples watched, as the proud and wealthy Pharisees came in a steady procession to drop their big coins into the metal receptacles with a loud clang, boastfully declaring the impressive sum. Jesus had denounced these self-right-

eous donors as hypocrites who loved silver and devoured "houses of widows."

Then, as He looked up, He saw something that immediately held His attention: a widow whose wretched poverty and struggle for existence were written in her careworn face and tattered garments, was approaching one of the elegant offering receptacles.

What a contrast she was to the pretentious almoners who had preceded her.

In her humility and self-surrender, even the words of her declaration were lost, as she dropped her offering into the shiny throat of the chest. And all she could offer were two mites, the smallest coin in circulation, worth about one-half cent each.

But here where the Pharisees and the well-to-do had given out of their abundance, she gave out of her deficiency and need.

"Verily I say unto you," Jesus told His disciples, "that this poor widow hath cast more in, than all they which have cast into the treasury."

The loud ring of the wealthy's heavy coins had risen no higher than the Porch of Solomon, but the small tinkle of this widow's mites rang like thunder in heaven.

Tomorrow: Herod.

The Widow And Her Mites

Rubber-Tired Trains

BRUSSELS (U) — Eighteen little rubber-tired trains will help visitors tour the Brussels 1958 World Fair grounds. The trains will run over a 2½-mile circuit. The German Mercedes-Benz Co. is furnishing the diesel engines.

Industrial Development Clinic Set

HARRISBURG — The various phases of industrial development including community action, site planning, and promotion and advertising will be discussed by recognized leaders in the field of industrial development at the Second Annual Pennsylvania Industrial Development Clinic scheduled for Monday and Tuesday, May 5 and 6 in Harrisburg.

Secretary of Commerce William R. Davlin announced here yesterday that the department will have the cooperation of state-wide organizations interested in industrial development activities.

The cooperating agencies include: Pennsylvania Utilities Railroad Area Development Assn., The Pennsylvania State Chamber of Commerce, Pennsylvania Chamber of Commerce Executives and Society of Industrial Realtors.

Over 200 persons attended the two-day meeting of 1957 and Secretary Davlin said that an even larger attendance is expected for this year's broadened program.

Local Level
"We plan to direct the talks and discussion on this year's program," Secretary Davlin said "to the community leaders who are active on boards of directors, community and non-profit corporations, interested in industrial development at the local level."

"Much of the success of an industrial development program depends in a large measure upon the understanding that civic leaders have of the work being performed by the staff in their industrial development agencies. Without sound program and support at the local level where new factories must eventually go, no industrial development program can succeed."

The two-day clinic will include ample periods for discussion of local and area problems.

Formal announcement of featured speakers will be made within a few weeks according to Secretary Davlin. Reservations are being accepted for the clinic in the Commerce Department's Bureau of Industrial Development by J. Eric Jones, director of the bureau. There is no registration charge.

Auto Output Rises To 94,382

DETROIT (U)—Passenger Car production this week will amount to 94,382 units, highest weekly output in five weeks. Automotive News said yesterday.

The total compares with 80,480 assemblies last week and 130,233 in the like 1957 week. The trade paper estimates March car output at 362,177 units. This would provide a January-March total of 1,243,646 cars.

Band Presents Concert Tonight

NEWFOUNDLAND—Tonight at 8 in the Greene-Dreher-Sterling Joint School auditorium, the Junior Band will present its annual concert under the direction of John Strupcowski, music supervisor. The public is invited.

Just Between Us —

—By Bobby Westbrook

Well, maybe you couldn't smell apple blossoms yesterday but you could smell the next best thing—wet ground. Never did I think that the sight of litter—candy bar papers, aluminum pie plates we'd used to feed the cat, old steak bones and hoe handles—emerging from the snows could be so aesthetically satisfying.

Oh, I'll begin to get impatient in a day or so for crocus and violets, for the mud to dry up and the trees to bud—but right now just seeing ground—muddy, littered, drab-looking ground—is enough.

We learn appreciation through contrast, but this year we went a little overboard on contrast. After all, everybody's glad to see Spring any year.

But speaking of the ultimate in contrasts: take my flower arrangements and the arrangements of the Japanese school. About the first of February, ere ever the snows began, I cut me some branches of forsythia and some apple boughs, put them in a pair of water and set them in the upstairs hall for forcing, being the only place big enough for the sprawling branches.

Well, they've blossomed like the rose in the wilderness unseen by human eye — except mine when I wound my weary to bed. There was no sense cutting off bouquets that nobody would see, and I couldn't even manage to give them away—with shoes, groceries, and other necessities taking precedence over posies in that trek down the driveway.

I wonder what marks that galvanized pall full of prunings would have been given in the Sogetsu School of Flower Arrangement that Dr. Powers got her diploma from? According to the chart, the Japanese not only use a tape measure for stem-heights but a compass for measuring, 40, 10 or 70 degree angles, and quote—never a mass, always simple—unquote.

Incidentally, you'd probably get more use out of your forced shrubs, and a lot of women are taking some of the sting out of the damage the storm did to their favorite flowering plum or pink dogwood by bringing the branches inside.

Rebekahs Friday

Rachel Brodhead Rebekah Lodge will meet at 7:30 on Friday night in the Fort Penn Lodge rooms. Assembly of officers will be elected.

Oldsters' Wisdom, and Skill Should Not Be Wasted

By Anne Heywood

One of the very nicest things, it seems to me, which age brings is the quality of patience. For patience is very closely tied in with wisdom.

I remember once, years ago, when my mother-in-law taught me a lesson in patience. It was during the Depression. My husband was being considered for a very good job—which in those days was rare. It would mean a great deal more money for us and a great deal more fun for him.

Important Interview

He had passed his interviews with the lesser lights and was about to go to see the top man, so we were planning what we would do when he returned. We had just about decided to have a fancy dinner and celebration either way—if he got the job we would be celebrating happily; if he didn't, we would be cheering ourselves up—when my mother-in-law spoke.

In her quiet voice, she said: "Wait a minute, children. Don't plan any celebration. I have had a lifetime of experience in such matters and I know one thing—nothing definitive will happen this time and there will be no answer either way."

Expect Quick Decisions

We expect things in life to be so open and shut, so black and white, so quickly decided one way or the other. Actually life will more often tell us to "Wait and we'll see."

Not everybody, of course, gains the kind of patience that my mother-in-law had. However, an overwhelming percentage of older people pick up this invaluable quality somewhere along the way. If possible, I think it should be put to work.

This can frequently be done in teaching, an area where patience is badly needed and too rarely found.

Practical Skills

I don't refer here to teaching of an academic kind. I am thinking of the many practical skills and abilities which older people could teach to younger people.

In a town I know in New Jer-

PTA Social At Tannersville On April 11

Tannersville — The annual PTA Social of the Pocono Twp. School will be held in the school auditorium on April 11 at 8 p.m. There will be a box social, round and square dancing, special features and refreshments, including homemade ice cream. Music will be furnished by the Seldons.

Seniors Honor Citizens Who Helped Classes

Bangor—The home and family committee of the Senior girls' family living class of Bangor Area Joint High School held a tea in honor of the community participants on Tuesday in the Home Economics Room.

A panel discussion on "The Value of a Family Living Course in the School Curriculum" was discussed. Representing the parents were Miss H. Elsie Bryan, school district psychologist; Don Dwyer, director of the Easton Children's Home, and Rev. Warren Hackman, pastor of the Methodist Church of Bangor. Kay Reimer, Geraldine Ruch and Gail Joella represented the students' viewpoint. Judy Evans served as moderator.

Spring flowers formed the centerpiece of the tea table. Guests were Mrs. Warren Hackman, Mrs. Zern Herbling, Mrs. Frank Derenzis, Mrs. Thomas Verona, Mrs. David Stoddard, Mrs. Abraham Sandler (Mrs. James Rowlands, Wally Ruth, Merle Mabius, Michael Giacinto, Rev. Stewart Bortner, Rev. Charles Starzer, Arnold Wynne, Dr. Trevor Williams and Mrs. Hazel Branch, advisor.

Home and family committee chairmen are Janet Shoemaker and Carol Priori. The other members of the committee are as follows: Betty Snyder, Judy Wolbach, Marlene Evidt, Patricia Dietrich, Diane Itterly, Beverly Bishop, Wanda Buzzard, Janice Ruch, Judy Evans, Marlin Zambone, Betty Mae Hartzell, Fran Heard, Bonnie Gale Rice, Mary Ann Rowlands, Mary Jane Hill, Jane Schipps, Betty Jane Schoonover and Isabelle Rutt.

Planning the tea was under the direction of Mrs. Doris Davis and Mrs. Henrietta Cistone of the home economics department. Mrs. Hazel Branch, advisor of the family living course, expressed the appreciation of the classes for the services of the community participants for the program.

Rev. Warren Hackman of the First Methodist Church, Bangor, and Rev. Charles Starzer, Presbyterian Church, Roseto, were the guest speakers of the ninth grade Social Living class on Tuesday at Bangor Area Joint High School. Their topic was "Alcohol and its Effects on Youth."

THHS Alumni Mon.

Pocono Lake—A meeting of the alumni of Tobyhanna Twp. School has been called for Monday, March 31, at 8 o'clock at the school.

Oldsters' Wisdom, and Skill Should Not Be Wasted

sey, the adult education program is utilizing such skills. Many older women can successfully teach cooking, baking, simple sewing, mending and so forth. They have worked up a technique and a simple practical efficiency which the younger women welcome learning.

In addition, of course, there are the many older people who did, years ago, have the technical and professional training and who while they may be too old to meet the age requirements of a school or college, can still teach plenty

In her seventies, she's teaching sketching and painting.

of tricks. In fact, the seasoning and patience they have accumulated on the way many times enhance their teaching skill.

Artistic Oldsters

I think particularly of one woman I know, in her seventies, who teaches sketching and painting, and another, also in her seventies, who teaches piano.

If you are an older person, and have a skill that you think you could teach, one good way to begin is to put a small ad in your paper offering to take pupils in your home. A girl I know studies slip-cover making from a woman in her sixties as a result of an ad that she saw in the paper.

For further pointers on retirement projects, send me a stamped, self-addressed envelope, care of this newspaper, and I will send you a list of good books on the subject.

To Wed Gary Peckman

Navy Man Engaged To Md. Girl

Mr. and Mrs. C. Marshall Jones of 601 Linwood Ave., Baltimore, Md., announce the engagement of their daughter, Darlene Ann, to Gary R. Peckman, son of Mr. and Mrs. M. J. Peckman of 58 Smith St., East Stroudsburg.

Darlene is a graduate of the Mergenthaler Vocational Technical High School in Baltimore and is serving with the U. S. Navy, stationed at the Navy Annex Quarters K, Arlington, Va.

Gary is a graduate of East Stroudsburg High School where he was active in many sports. He is serving with the U. S. Navy, stationed at Arlington, Va.

They have set May 24 as their wedding date. They will be married in St. Paul's Methodist Church in Baltimore.

Surprise Shower For Mrs. Miller

A surprise baby shower was held March 15 for Mrs. Harry K. Miller, of 310 N. Courtland St., East Stroudsburg, at the home of Mrs. John K. Miller, 302 Lakewanna Ave., East Stroudsburg.

Present were: Mrs. John Boushell, Mrs. Lester Boushell, Mrs. Lloyd Manter, Mrs. Marion Smith, Mrs. James Roberts, Mrs. George Muth Sr., Mrs. Cyrus Miller Jr., Mrs. Eleanor Cramer, Mrs. Katherine Frailey, Mrs. Bill Altier, Mrs. John K. Miller, Betty West, Pat Hunt, Barbara Muth, Pat Muth, Grace Trouble, Shirley Applegate, Ruth Ann Smith, Shirley Smith, Doris Miller, Nancy Miller, Thelma Kane and Carolyn Counterman.

Unable to attend but sent gifts were: Mrs. George Gordon, Carol Hilyard, Mrs. Cyrus Miller Sr., Mrs. John Dougherty, Mrs. Harold L. Miller, Jane Hunt, Mrs. Harold West, Mrs. Edna McClintock, and Miss Patricia McClintock.

Merrie Friends Meeting At Brong Home

Effort—The Merrie Friends held its March meeting at the home of Mrs. Norman Brong with a white elephant sale following the meeting. Games and refreshments were enjoyed.

Attending were Mrs. Ella Shupp, Mrs. Luther Kochler, Mrs. Emma Smith, Mrs. Grace Singer, Mrs. Eva Greenamoyer, Mrs. Charles Snyder, Mrs. Velma Hinton, Mrs. Fritz Ackerman, Mrs. Betsy Robinhold, Miss Irene Smith, Mrs. Anderson, Mrs. Lorraine Wellaw, Mrs. Charles Serfas, Mrs. Lawrence Smale, Keith Brong and the hostess, Mrs. Norman Brong.

Jimmy Hay Has A Party

Tannersville—A birthday party for Jimmy Hay, son of Mr. and Mrs. Wilbur Hay, Henryville RD was held on Sunday afternoon at 2 o'clock.

Games and refreshments were enjoyed by Carol Parker, Barbara Hanson, Peggy Hay, Donald Law and Jimmy Hay.

Marriage Licenses

Marriage licenses have been applied for from N. Henry Fennert, clerk of orphans' court, by Boris D. Heimback, 25, and Marjorie L. Stillwagon, 27, both of Allentown, and Richard O. Merkle, 22, Catasauqua, and Patricia Ann Arasim, 21, Nanticoke.

Sisterhood Program On Voters League

The Temple Israel Sisterhood will meet Tuesday, April 1 at 8 p.m. A nominating committee will be appointed at this time.

Mrs. Jules Steinberg, program chairman, will present Mrs. George Levin, president of League of Women Voters, who will speak on "You, the League and Your Community." Refreshments will follow.

Minnich-Haney Engagement

Mr. and Mrs. Forrest Haney of 505 East Bryant St., Stroudsburg, announce the engagement of their daughter, Margaret Ann, to John Minnich, son of Mr. and Mrs. Foster Minnich, 39 Bridge St., Stroudsburg.

No definite date has been set for the wedding.

Pellechia-Gearhart Wedding

The East Stroudsburg Methodist Church was the setting for the wedding of Miss Barbara Gearhart, daughter of Mr. and Mrs. John Gearhart, East Stroudsburg, to Frank Pellechia, son of Mr. and Mrs. Frank Pellechia, of Bangor.

The double ring ceremony was performed by Rev. Harold C. Eaton, on March 16 at 1 p.m. The church was decorated with bouquets of white Spring flowers.

Given in marriage by her father, the bride wore a street-length dress of brown silk with a beige hat and coat. Miss Bunnie Bartholomew, East Stroudsburg, as her maid of honor, wore a pink silk dress with black accessories.

John Foelker of Bangor served as best man.

A reception was held at the bride's home following the ceremony. After a honeymoon trip to Boston, Mass., Mr. and Mrs. Pellechia are now residing at 126 East Brown St., East Stroudsburg.

They both attended East Stroudsburg State Teachers College.

Dr. Madelon Powers Tells Of Japanese Arrangements At Garden Club Meeting

Members of the Monroe County Garden Club now know the difference between moribana, or flat bowl arrangement, and nageire, tall vase arrangement, and the correct angle for placing the shin, soe and hikae in Japanese Flower arrangements.

At their meeting yesterday afternoon at the YMCA, Dr. Madelon Powers who spent part of her sabbatical leave from East Stroudsburg State Teachers College attending the Sogetsu School of Flower Arrangement in Japan, was the guest speaker.

Illustrating her talk with slides, Dr. Powers described the important place of the flower arrangement in the tea ceremony. Tea is served in a small house with several persons present, she explained, and each one receives about two and a half sips for a cup of tea.

The flower arrangements are correspondingly small. The containers are flat or hold only the one flower. They never mass their flowers and keep the arrangements simple and not gaudy. Dr. Powers showed the vases, frogs and holders used in making Japanese arrangements. Mrs. O. J. Liljenstein introduced Dr. Powers.

There was a good attendance at the meeting with Mrs. William A. Hannas, president, presiding. Yearbooks were distributed featuring a cover design of birds by Mrs. E. R. Travis.

To Cheer County Home
The club has chosen as its project for the year "Cheer for the Elderly." They plan to work at the Monroe County Home, placing potted plants, cut flowers or dried arrangements in season on the tables and in the rooms at the home.

Refreshments featuring a cradle cake were served buffet style. Favors were miniature blue and yellow cradles. Decorations included a stork that watched over the gifts and clothesline hung with tiny garments.

Those attending were Mrs. Elwood Arndt, Mrs. Harry Armitage, Mrs. Fred Frailey, Mrs. Raymond Roberts, Mrs. Horace Werkheiser, Mrs. Harvey Wary, Mrs. Charles Yoch, Mrs. Stanley Heller, Mrs. Steward Walters, Mrs. James N. Canfield Jr., Mrs. Clyde White, Mrs. Charles Teada, Miss Charita De Young, the guest of honor Mrs. Thiel Feller, and the hostess Mrs. James Owens. Children who were present with their mothers included Donna Feller, Jimmy Owens and Susan Owens.

Mrs. John Teada, Mrs. W. C. Walters, Mrs. Robert Singer and Mrs. Virginia Arndt sent gifts but were unable to attend.

Lenten Service Today
The final of the series of Friday Lenten services sponsored by the united church women of the community will be held this afternoon at 2 p.m. at the Baptist Church in East Stroudsburg.

Christian Pals To Honor Past Presidents

An Easter program was presented at the meeting of the Christian Pals Class of the Stroudsburg Methodist Church on Monday night held in the church parlor. Mrs. Clarence Booth led the devotional period and Mrs. Merlin Rutt gave a reading from "The Greatest Story Ever Told." She chose the conversation between Annas and Caiaphas, the High Priest, concerning the crucifixion and resurrection of Christ.

The business session followed with Mrs. William Davis, the president, presiding. Plans were made for the April meeting which will be a dessert meeting at 7 p.m. This will be held Monday, April 28 and invitations have been extended to all past presidents of the class. It is hoped that some out-of-town past presidents will attend. Mrs. Harold Albert and Mrs. Dorothy Staples are co-chairmen of the program committee. Mrs. Clarence Booth, hostess chairman.

Following the business meeting, a social hour was enjoyed by the members. Refreshments were served by Mrs. Edward Warnick and her committee: Mrs. Harold Albert, Mrs. William Mitchell, Mrs. Hubert Tebb, Mrs. Robert Zellers and Mrs. Franklin Gouger.

Miss Brink To Wed In Scranton

Announcement has been made of the coming marriage of Miss Virginia Brink, daughter of Mrs. Lois Brink of Stroudsburg and William Brink of Scranton, to Louis K. Reese.

They will be married at 11 a.m. on Saturday, April 12 in St. Joseph's Church, Scranton.

Bonds Mark 27th Wedding Anniversary

Bartonville — Mr. and Mrs. Russell Bond, of R.D. 3, Stroudsburg, will observe their twenty-seventh wedding anniversary on March 26. Mrs. Bond is the former Henrietta Fox, daughter of Otto Fox, now of Florida but formerly a Stroudsburg resident, and the late Mrs. Fox. Mr. Bond is the son of Mrs. Carrie Morris, of Stroudsburg.

The Bonds are the parents of two daughters, Mrs. Joyce Bond Hawley and Beverly Bond; and two sons, Wayne and Barry.

Mr. Bond is employed as a mechanic at Haynes Motors, Stroudsburg.

The final of the series of Friday Lenten services sponsored by the united church women of the community will be held this afternoon at 2 p.m. at the Baptist Church in East Stroudsburg.

Business Notes

Organ Store Displaying Large Model

SLEEP'S PIANO and Organ Co. of 9 Washington St., East Stroudsburg, now have on display and for your listening pleasure the Wurlitzer Concert Model 4800 Organ.

This is the identical organ now in use in the United Nations Building in New York City. Model 4800 is designed to meet the needs of the largest cathedral or concert hall.

The Wurlitzer line of pianos and organs embraces models for home, church and school. Organists, church officials and other interested parties are invited to come in and see this organ at any time through next week.

NET INCOME of the Pennsylvania Power and Light Co. for 1957 was \$22,850,777, equal to \$3.22 a share, the annual report released yesterday shows. In 1956, net income was \$23,465,984 or \$3.32 for each share. Dividends in both years totaled \$2.40 a share.

Operating revenues for the year just ended were \$129,355,768, compared to \$128,604,964 in 1956. Net operating revenues were \$30,557,664 in 1957 and \$30,839,554 in 1956.

At the end of the year, the company was serving 698,833 customers, compared to 690,612 at the end of 1956. At the year end, 5,916,824 shares of common stock and 863,745 of preferred stock were outstanding.

EDISON ELECTRICAL Institute's award for the outstanding commercial sales program conducted during 1957 by a utility serving from 100,000 to 300,000 total customers was presented in Chicago this week to Metropolitan Edison Co.

In awarding the coveted bronze plaque at the national organization's 74th annual sales conference, Mason C. Albright, for EEI, said that the honor conferred on MECO, which serves a 14-county area in Southeastern Pennsylvania, recognizes the company's continued effort to assist business and professional people in their use of electric appliances that make possible a more efficient and profitable business operation.

He praised especially the emphasis placed by MECO on the "direct-to-customer" approach and the fact that last year each of the company's 15 commercial sales representatives called on an average of 1,018 people to tell them of the advantages of electrical cooking, lighting, air conditioning, heating, water heating and other modern time and work-saving uses of electricity.

J. C. PENNEY CO. had net earnings of \$49,410,891.68, equivalent to \$6 per share during 1957, the annual report released this week by A. W. Hughes, president, shows.

Both figures are an increase over 1956 when net earnings were \$46,780,721.92, worth \$5.68 a share.

Dividend payments during 1957 totaled \$34,985,796 or \$4.25 per share, the same figures as in 1956.

The company had 1,694 stores in operation at the end of the year, compared to 1,687 at the end of 1956. Sales were \$1,312,278,407.77 in 1957, compared to \$1,291,867,267.03 in the previous year.

Aid Debate Closely Tied To Cold War

By J. M. ROBERTS

Associated Press News Analyst

The debate on aid to India which is now beginning in Washington involves the whole United States approach to economic warfare with the Soviet Union.

Secretary Dulles, Sens. Kennedy, Cooper and others, are laying it cold on the line.

Dulles said the United States is aiding India because if that country is lost to communism it would be "a blow equal to that when the Communists took over mainland China."

India is working on a five-year plan of economic development which has run into trouble. If it collapses, said Kennedy, "so may democratic India and the democratic hope in all of Asia, setting in motion forces which would erode the broad security interests of the United States."

Self-Interest
These are cold, business-like statements of self-interest in a country whose leaders have frequently irritated American public opinion over the past 10 years.

They are as businesslike as the statement of Prime Minister Nehru years ago that India would profit most through neutralism. India accepts aid from the Soviet Union with one hand and from the United States with the other. She denies any allegiance to either. As a good business risk, India suffers from her incipient socialism. She practices socialism in many economic fields, capitalism in others. It weakens her appeal for foreign nongovernmental investment.

SALESMEN HONORED—Salesmen of area gas companies, including Citizens and Penn Fuel, were honored last night at a reception dinner held at Chariton Lodge. Seated are Glen L. Butler, Bangor manager; Clarence Caskey, Pittston, and Ray Cornwall, Stroudsburg. Standing are J. Paul Hart, assistant general manager for sales Henry Thomas, Bangor; Gilbert Campbell, Stroudsburg; Robert Soroka, Philadelphia; Joseph Boylan, Pittston, and Clifford Reese, sales manager for Penn Fuel Gas.

False Pledge Barred By McGonigle

MERCER, Pa.—A state administration that will "take the profits out of politics" was promised last night by Arthur T. McGonigle, organization-backed candidate for the Republican nomination for governor.

"Unlike Gov. Leader, I will make no false promises in this campaign merely to win votes," McGonigle said in a speech to a rally at the Mercer County Courthouse.

"All I can promise is to bring stability, faith, honesty, reasonableness and good management back into our government," he said.

McGonigle said he will make public soon a list of the "positive actions" he says are needed to combat unemployment. He accused the Leader administration of "destructive, do-nothing policies" that "ruined Republican highway planning at a cost of thousands of jobs for Pennsylvanians."

"I cannot promise to go to Harrisburg knowing everything about state government, but I can and do promise that when elected I will put at the head of each state department the best qualified man I can find in that particular field."

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 4, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Stock Price Decline Led By Aluminum

NEW YORK—An aluminum price cut hit the shares of that industry and the stock market declined Thursday for the third straight session.

Earlier a rise by machine tool, airline and selected issues gave an encouraging upward tendency to an irregular pattern. The aluminum news jolted the common stocks in that group and poured cold water over the budding improvement.

Aluminum shares fell from 1 to about 3 points. Other key stocks lost fractions to a point or so.

International oils were down as the White House tightened controls on crude oil imports. Rail carloadings were off again and the shares of leading carriers declined. Coppers, chemicals, motors and building materials also were lower.

50-Cent Drop
The Associated Press average of 60 stocks fell 50 cents to \$162.50 with the industrials down 70 cents, the rails down 70 cents and the utilities unchanged.

Of 1,092 issues traded, 452 fell and 361 rose. New highs for 1958 totaled 74 and new lows 18.

Volume totaled 2,140,000 shares compared with 1,990,000 Wednesday.

Of the 15 most active stocks, 8 fell, 6 rose and 1, Standard Oil (New Jersey) was unchanged.

The most active stock was Allegheny Corp., up $\frac{1}{2}$ at 5 on 73,700 shares. Sperry Rand was off $\frac{1}{4}$ at 18 $\frac{1}{2}$.

American Motors was up $\frac{1}{4}$ at 8 $\frac{1}{2}$.

Aluminum Active
Aluminum was the most actively sold stock in its group, dropping $\frac{1}{4}$ on turnover of 22,000 shares.

Kaiser Aluminum fell $\frac{1}{2}$ and Alcoa $\frac{3}{4}$. Northwest Airlines rose 1.

Losers included Allied Chemical off $\frac{1}{4}$, duPont $\frac{1}{4}$, Gulf Oil $\frac{1}{4}$, Illinois Central $\frac{1}{2}$, Ford $\frac{1}{4}$, Chrysler $\frac{1}{2}$, Kennecott $\frac{1}{4}$ and Anaconda $\frac{1}{2}$.

American Stock Exchange prices were mixed. Volume was 730,000 shares compared with 480,000 Wednesday. Corporate bonds declined in light trading while U.S. Government bonds rose for the third straight day in moderately active dealings.

India's Ambassador to the United States, Mr. G. L. Mehta, says that American investments in India now amount to about 110 million dollars.

Two Boys Assault Teacher

NEW YORK—A teacher was attacked by two teen-agers Thursday in the hall of a Harlem junior high school. He was bruised and his arm broken.

The victim, George Moore, 32, said the boys had disturbed his class and flirted with girls through a broken pane in the classroom door. He was attacked when he left the classroom to try to chase them away.

Moore was knocked to the floor. Other teachers heard the commotion, rushed from classrooms and grabbed the two boys. The pair were booked as juvenile delinquents and turned over to their parents.

The two boys, Peter Thompson, 13, and Melvin Harris, 15, both were students in Moore's school, the James Fenimore Cooper Junior High on Madison Ave.

Fighting Increases In Tempo

BURKITTINGI, Central Sumatra—Rebel intelligence said Thursday a battle was increasing in intensity near Talook, a town 80 miles southeast of here captured by Indonesian government forces Wednesday.

The sources said more than 100 Jakarta troops had been killed or wounded in four days of bitter fighting in the sector. Jakarta has reported 20 rebels killed and 200 captured in the area.

The battle is "the most important since the Indonesian civil war began," one source said. "We will fight to the end in this area because it is vital to us."

The battleground lies between Talook and Loebokdjambi is 12 miles southwest of Talook. The towns control the main road and a secondary road leading to Djambi and Palembang in South Sumatra.

Only four roads lead from the rebel capital to South Sumatra.

Cadillac

He's Putting an End to Compromise!

Every time he accepted the keys to a new car in the past, he knew he was postponing his heart's desire.

For Cadillac was his dream—and Cadillac his goal!

So here he is at last—putting a final end to compromise! He's stepping into the car of his dreams, ready to set off on his first glorious miles.

And he is about to learn what he sensed all along—there is no substitute for the things a Cadillac provides!

Once he finds himself surrounded by the great comfort and luxury of Fleetwood coachcrafting...

... once he has experienced that wonderful smoothness of ride and that great eagerness of response...

... and once he has felt the pride and contentment of commanding the "car of cars"—he will understand why Cadillac ownership is so uniquely satisfying.

If Cadillac is your goal, you ought to visit your dealer and learn how easily the car could be yours.

Whether your choice is the Sixty-Two Coupe or the Eldorado Brougham—you will find this the perfect moment to put an end to compromise!

Lopez Knows Goal Is To Beat Yankees

By WALTER L. JOHNS
Central Press Sports Editor
TAMPA, Fla.—In the American league you have to beat the Yankees and Al Lopez, of all people, knows it.

In seven seasons as a big league manager, the last years as bench boss of the White Sox, Al finished second to the Yankees six times, beating them once.

Lopez, the good senior whose home is here and whose club trains at the park named for him, thinks his club has done something about finding a way to beat the Yankees. This, Al explains, was the winter-time trades which brought Pitcher Early Wynn and Outfielder Al Smith to the Sox although power had to be given up to do it.

The Chisox record against the Yanks last year was 8-14, six of the losses being one-run affairs. Wynn has a life-time edge on the Yanks and Al feels that by having Wynn, Billy Pierce and Dick Donovan ready for each of the Yankees series the Sox can do it.

"I've been saying right along," Al told us in camp here, "that we didn't give up so much power (Larry Doby is gone and so is Minnie Minoso). Doby was handicapped last year and he hit only 14 home runs for us. Smith has hit more in a season than Minoso has and I think Smitty will have a good year with us."

"Our ball park isn't a power park. Naturally, any club would like to have as much power as possible but in this park of ours you have to have good pitching, good defense and speed and I think we've got all of them. I don't think we're going to make many mistakes out there this year," Al declared.

Got to Beat Yanks
The good senior, who predicted a pennant for the Sox during the winter, continued:

Twin-Boro Ladies Set For Action

TWIN-BORO Ladies League will resume action today at the Pocono Bowling Center, Stroudsburg, starting at 7 p. m. The schedule:

Alleys one and two—Machinichol's Sport Shop vs. Quik's Restaurant.

Alleys three and four—Somers Bros. vs. Bartonville Hotel.

Alleys five and six—B. & B. Amusement vs. Sherwin Mfg. Corp.

Alleys seven and eight—Lawson Automotive vs. Johnnie's Inn.

Reeders Team Dance Today

A DANCE for the benefit of the Reeders baseball team will be held today at the Reeders Inn, starting at 8 p. m.

It was incorrectly stated in yesterday's Daily Record that the dance was scheduled for tomorrow.

Proceeds from today's dance will help defray the expenses of the Reeders nine in the Pocono Mountain Baseball League.

STANKY'S

3 mi. E. of East Stbg.—U. S. 209

Early Wynn (Pitcher)

Billy Goodman (Infielder)

Hal Trosky, Jr. (Pitcher)

Ron Jackson (First Baseman)

Tito Francona (Outfielder)

Photos by Frank Kuchichuk

"If we want to win the flag we have to beat the Yankees. And we've got the men in Wynn and Smith who will do it. Our pitching is going to be real good. I'd guess that Wynn will win 18 games for us. A fellow like Billy Goodman (third base) will have a good year in our park for he's a spray hitter."

In addition to the fine starting staff of Pierce, Wynn, Donovan, Bob Keegan and Jim Wilson, the Chisox picked up the fine reliever, Ray Moore, from Baltimore in the Doby trade.

Among the newcomers is Barry Latman, a big righthander who won 11 for Indianapolis. Latman is a strong youth and can throw hard. He looked good in early exhibitions.

The Sox were handicapped last year when Sherman Lollar, the catcher, was out for eight weeks with a broken wrist. Supplementing the No. 1 receiver are Earl Battey, who is improved, the veteran Les Moss,

and two rookies, Chuck Armstrong, son of Freddie Lindstrom, a star of yesteryear and John Romano, who was at Indianapolis.

The first baseman is expected to be the giant, Ron Jackson, the 6-foot 7-inch rookie who had a fine year at Indianapolis after previous trials with the Sox. Walt Dropo and Earl Torgerson are around to take over.

Strong in Middle
Down the middle the Sox are strong with Nellie Fox and Luis Aparicio. Goodman, who split the 1957 season with Boston and Baltimore, is ticketed for third.

Smith, Jim Rivera and Jim Landis are the outfield hopefuls with Tito Francona, from Baltimore, getting first shot at winning the right field spot.

"Francona," says Lopez, "hit six home runs during the first part of last season and then broke his hand making a catch. He was out for a time and when he came back he hit only one

ever, I think he will hit for us." Among the rookies being looked at are John Callison, an outfielder signed out of a Bakersfield, Calif., High School last summer, and Hal Trosky, Jr., a pitcher and son of the former White Sox and Indians first sacker. Trosky has an unorthodox delivery but Lopez says he won't attempt to change it.

Speak in Morning
Participating in the morning program will be: Dr. Claus G. Jordan and Dr. Llewellyn W. Hunsicker, both of Stroudsburg, "Multiple Abdominal Injury."

Next: St. Louis Cardinals.

Local Doctors To Talk At Lehigh Parley

BETHLEHEM, Pa.—A conference, sponsored by the Lehigh Valley Regional Committee on Trauma of the American College of Surgeons and the department of intercollegiate athletics of Lehigh University, devoted to a discussion of athletic injuries will be held tomorrow in Packard Auditorium at Lehigh University.

Featured on the day-long program will be presentations by two staff members of the Harvard University Medical School.

Dr. Augustus Thorndike, chief surgeon of the Department of Hygiene at Harvard Medical School, will discuss organization of a program for prevention and treatment of athletic injuries; principles of management of strains, sprains and contusions; and application of principles in the diagnosis and treatment of ankle injuries.

Dr. Thomas B. Quigley, assistant clinical professor of surgery at Harvard Medical School, will speak on the management of knee injuries sustained in sports.

'Grunt-Groaners' At Phillipsburg

PHILLIPSBURG — Ballet dancing and wrestling have always been the two great loves of Ricki Starr, and Starr will be using his skills in both when he faces Skull Murphy today in the main event of a professional card of grappling in the Phillipsburg Armory. The night will begin at 8:45 p. m.

The show is another in a series presented by promoter Jim Brady in the armory. Brady has indicated that a percentage of the gate will be donated to the National Guard Welfare Fund.

Starr, probably the most talked about wrestler in the game, will bring a unique style of wrestling into the ring. He has danced professionally and uses his ballet ability to enrage the opposition.

His opponent is a rough, mean customer who resorts to all conceivable tricks. Rounding out the wrestling card will be two tag-team events and a time-limit bout. One-time football player for

the Philadelphia Eagles, Sid Youngelman, faces Bozo Brown in the first match of the night. The first tag-team affair will pit Roy Heffernan and Al Costello against Ludwig Von Krupp and Paul Berger. Great Scott Martinez and the Great Scott meet the Tolos Brothers.

Commercial 'C' Set For Action

COMMERCIAL "C" League will bowl today at Harmon's Recreation, East Stroudsburg, starting at 9:15 p. m. The schedule:

Alleys one and two—Regina Hotel vs. Counterman's Drug Store.
Alleys three and four—Lanternman's Funeral Home vs. Tru-Matic.
Alleys five and six—Kream-ee Ice Cream vs. Mosier's Inn.

By JIMMY HATLO

Viewing Screens

CBS WANTS the new Garry Moore hour-long variety show in the Studio One Monday night at 10 time spot, and is pressing the sponsor to drop the drama, which has been around for nine years and is slipping. . . NBC will throw a huge party March 28 for Jack Paar, starting at 1 a. m. and continuing until 7. . . The comic strip "Dennis the Menace" will become a filmed show on CBS as soon as they can find a youngster for the title role.

Mike Wallace loses his sponsor April 19 and he will probably give up his question format for a filmed drama series, "Motive," which he will host and narrate. . . Eve Arden, whose contract with CBS has terminated, will guest with Dinah Shore on April 13 and with Perry Como May 3. . . Liberman, John Mathis and Sally Ann Howes visit "The Big Record" April 2. In place of the planned tribute to "My Fair Lady," which fell through.

Teen-agers and Dick Clark will welcome Frankie Avalon back to "American Bandstand" this afternoon at 2:30 on ch. 6 and 3 o'clock on ch. 7. . . Starting as Texas Ranger Hoby Gilman, Robert Culp answers a call for help from a young boy who has witnessed a murder on "Trackdown" at 8 p.m. on ch. 2 and 10.

William Bendix stars as Chester A. Riley on "The Life of Riley" at 8:30 p.m. on ch. 3 and 4, and schemes to keep the boys away from Junior's girl when they decide to stop going steady so Junior can catch up on his studying. . . Eddie Fisher and Frank Sinatra will go the musical road together on "The Frank Sinatra Show" at 9 p.m. on ch. 6 and 7.

Lee Marvin stars as Lt. Frank Ballinger on "M Squad" at 9 p.m. on ch. 3 and 4 and poses as a widow's boy friend when two dangerous bank robbers hold her and her eight-year-old daughter in hostage. . . Opportunity seems forever destined to knock at the door of Sgt. Ernie Bilko, and when rock 'n' roll singer Elvin Peltin is inducted into the Army and sent to Fort Baxter, Bilko is waiting for him with

Your Horoscope

By FRANCIS DRAKE

FOR FRIDAY, MARCH 28, 1958
March 21 to April 20 (Aries)—Likely some unusual surprises this day. They can be beneficial though may not be too personal in nature. But do not neglect your regular occupation or daily tasks looking for these.
April 21 to May 21 (Taurus)—Although some heights and low tendencies, the Sun and Uranus are well aspected and influences generally are progressive, invigorating. Be faithful to your commitments; you can attain.
May 22 to June 21 (Gemini)—Some friendly rays linger from yesterday's fine Mercury aspect but today may not be wholly satisfactory for quick returns for efforts or financial gains. But keep at obligations; you won't lose.
June 22 to July 23 (Cancer)—Neither inspiring nor hindering. With extra care and discernment you can find the important and urgent assignments to attend to and later follow the matters you like to do.
July 24 to August 23 (Leo)—The Sun in the position and the solid and productive things it stands for are in line for benefits, fresh gains, don't waste valuable time but don't rush and overdo either.
August 24 to September 23 (Virgo)—Similar to yesterday's research, planned management more responsive to your astute endeavors. Be not anxious to work harder if necessary to get desired results. Pray day.
September 24 to October 23 (Libra)—Favorable generally, but extra or special returns will have to be worked and planned for. Practical matters, industry, labor, seeking just favors or extra promotion are sponsored.
October 24 to November 23 (Scorpio)—Officials, heads of our Armed Forces, those in authority in many organizations freshly honored. For personal gain you may have to strive harder than usual, but will be rewarded.
November 24 to December 21 (Sagittarius)—Though not exactly "your day" in all desires it can be a fruitful period for sincere, patient work in unusual, scientific interests, conferences, organization affairs. Try.
December 22 to January 20 (Capricorn)—Loyalty, faithfulness to duty and steady application to essential will be rewarded. Day has advantages for sound and practical reasons but wouldn't be generous to trivialities, or worry.
January 21 to February 19 (Aquarius)—Your planet Uranus in splendid position and, by the same token, more will be expected of you. Don't squander efforts or time. Both can advance your interests and bring contentment.
February 20 to March 20 (Pisces)—Some encouraging influences from a variety of sources. Planet Uranus strong. It will be worth while to try for new ideas, methods that can enhance the value of your product or work.
FRODO BORN TODAY are positive, determined, very talented. A variety of subjects interests you and you can achieve in more than one of them, including scientific research, engineering, architecture, medicine and surgery. Don't heed irritability, ill temper.

PUC Allows Company To Sell Stock

DALLAS The Commonwealth Telephone Co. has been authorized by the State Public Utility Commission to sell common stock in the amount of \$172,000 to help repay bank loans made for plant improvements.

The money will be applied to reducing short term loans of \$2,650,000 from the First Pennsylvania Banking and Trust Co., Philadelphia.

The company has 50,000 subscribers including some in Schuylkill, Monroe and Northampton Counties.

Lancaster Cattle
LANCASTER, Pa. (AP)—Cattle 350, utility cows 1800-1975, canners and cutters 1450-1925, good and choice feeder steers 27-40, calves 25, not enough sales for a market. Hogs 25, 1 lot of 200 lb. mixed barrows and gilts 25-35. Sheep 0, no quotations.

Aviation Cadet Recruits Sought

M/SGT. Frank Keder, Air Force recruiter, will be in the Stroudsburg Postoffice every Thursday to accept applications for the Air Force including those from applicants for the Aviation Cadet Training program.

Honor Helen Keller
OSAKA, Japan (AP)—Miss Helen Keller is to receive a bronze life-size bust of herself on behalf of the blind, deaf and dumb of Japan for her 78th birthday, June 27. The bust was cast by Yoshizumi Yokoe, adviser of the Japan Art Academy.

Introducing... The Very Latest In IMPORTED CARS

A few years ago one of these little imported cars created as much attention as a horse and buggy on the highway. But today the foreign car has been accepted as a familiar sight on the American road. Tremendous operating economy and fresh, new styling have increased their popularity each year. The following touring and sports models are available right here in the Poconos. These franchised dealers will have their cars on display at a special showing tomorrow in front of A. B. Wyckoff.

Lt. Clifford Mathiesen

Mathiesen Earns AF Commission

CLIFFORD G. Mathiesen, son of Mr. and Mrs. James S. Mathiesen, of 607 Rosemond Ave., Stroudsburg, recently was graduated from Navigator Training at Harlingen AFB, Texas, where he received his Air Force silver wings and commission as a second lieutenant.

Lieutenant Mathiesen attended Stroudsburg High School where he was graduated in June, 1955.

The 42-week course he has completed has trained him for a place in the all-jet combat force of the United States Air Force. His mastering of the techniques of electronics and navigation qualifies him for an assignment as a navigator in the operational aircraft of the USAF.

He has been assigned to Keesler AFB, Miss., where he will receive advanced specialty training in radar bombardment and electronics.

Brodheads ville

Mrs. Dorothy Hoffman
WY-24765

MR. AND MRS. J. Stotz Singer, of Bethlehem, are enjoying a two weeks' vacation at the home of their daughter, Mrs. William Kresge.

The dinner scheduled for March 22, for the Bookbinders Union, Local 206, was postponed until April 12. The bad weather and road conditions made this necessary.

Owen Mosteller is a patient at the East Stroudsburg General Hospital.

Rev. Robert Galligan of Our Lady Queen of Peace Church is planning an European trip. He is due to fly from New York the Monday after Easter. The trip will be for three weeks. Father Galligan hopes to have an audience with Pope Pius XII. A trip to Fatima, Portugal and Lourdes, shrine in France, will be made. Rev. Galligan will be accompanied by Rev. John Esseff of the St. Matthew-St. Luke's parish.

John C. Mills has announced that because of a school bus contract covering certain area pupils, the school of Chestnut-hill will extend its term to June 16 to make up the 11 lost school calendar days.

Monroe County May term petit jurors were picked this week by Sheriff Jacob Altemose and Jury Commissioners. Among those chosen from Chestnut-hill are Stella G. Kunkle and Robert Altemose.

An investiture ceremony for Tenderfoot and a Court of Honor for Second Class Scouts will be held at Troop 98 in the near future. Approximately 30 boys make up the troop of which William Fisher III is scoutmaster.

Mr. and Mrs. James Daly spent Sunday with Mr. and Mrs. Tom Robinson at Twin Pine Ranch.

Robert Murdoch, of Jackson Heights, L. I., New York, is spending a few weeks of his vacation at the home of his daughter, Mrs. Robert Hoffman.
